CEMETERIES OF MARION COUNTY, IOWA

The purpose of this book is to assist individuals in finding the location of cemeteries that they may know by name only. Some of the cemeteries have had multiple names over the years and in those cases the cemetery has been listed by each of those various names.

Technically Cemeteries do not qualify for E911 addresses, therefore, most of the Cemeteries now have Latitude and Longitude coordinates listed with their information. These coordinates will work with Bing or Google maps, with Bing being the most accurate. They should work with automobile GPS units also.

There are a few cemeteries listed here where the exact location is not known. In those cases the Section, Township, and Range are listed. Please keep in mind that some of the cemeteries are located within and surrounded by privately owned property.

If the "Bookmark" panel did not open automatically upon opening this file, please click on the "Bookmark" icon to your left of this document. This will assist you in navigating through this book, and in finding the correct information. You may want to save this file to the hard drive of your computer for off-line access.

When looking at individual township maps you may access Township Trustee contact information by clicking on the Township name located at the top of the page.

This cemetery information is made available with the invaluable assistance of the Marion County Pioneer Cemetery Commission.

Please feel free to contact me by any of the contact methods shown on this page if you have any questions or problems.

Bill Buttrey
