

MARION COUNTY, IOWA

PELLA WILDLIFE MANAGEMENT AREA

The primary purpose of the Pella Wildlife Management Area is public access hunting, and this area is notable for the following species:

Deer
Rabbit
Squirrel

Other nature activities such as hiking, bird watching, and nature study are allowed and encouraged, preferably when hunting and trapping seasons are closed.

The Pella Wildlife Management Area is under the operational control of the Iowa Department of Natural Resources. For additional information contact your local DNR officer or go to the web site located at:
